

GOLDEN MEDICAL DISCOVERY

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula, Salt-rheum, "Fever-sores," Boils, or Rough Skin, in short, all diseases caused by blood are conquered by this powerful, purifying and invigorating medicine. Great Eczema, Erysipelas, and all other skin diseases, especially those which manifest themselves in curing Tetter, Rose Rash, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Eruptions, etc., are cured by this medicine. It is the only cure for a treatment on Scrofulous Affections.

"THE BLOOD IS THE LIFE." Thoroughly cleanse it by using Dr. Pierce's Golden Medical Discovery, and good digestion, a fair skin, buoyant spirits, and vital strength, will be established.

CONSUMPTION,

which is Scrofula of the Lungs, is arrested and cured by this remedy, if taken before the latest stages of the disease are reached from its marvellous power over the terrible fatal disease, when first offering this celebrated remedy to the public, Dr. Pierce thought seriously of calling it his "Consumption Cure," but abandoned the name as too limited for a medicine which, from its wonderful combination of tonic, or strengthening, alternative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequalled, not only as a remedy for consumption, but for all Chronic Diseases of the

Liver, Blood, and Lungs.

If you feel dull, drowsy, debilitated, have fallow color of skin, or yellowish-brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills, alternating with hot flushes, low spirits and gloomy forebodings, irregular appetite and coated tongue, you are suffering from Indigestion, Dyspepsia, and Torpid Liver, or "Biliousness." In many cases only part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery is unsurpassed.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at \$1.00, or SIX BOTTLES for \$5.00.

Send ten cents in stamps for Dr. Pierce's book on Consumption. Address: **World's Dispensary Medical Association, 663 Main Street, BUFFALO, N. Y.**

\$500 REWARD

is offered by the proprietors of Dr. Sage's Catarrh Remedy for a cure of catarrh which they cannot cure. If you have a discharge from the nose, offensive or otherwise, partial loss of the smell, taste, or hearing, weak eyes, dull pain or pressure in head, you have Catarrh. Thousands of cases terminate in consumption. Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "Cold in the Head," and Catarrhal Headache. 50 cents.

In the colored baseball tournament at Monday, beyond Seufftown, the Hopkinsville fellows laid it on to our boys by a score of 29 to 15.

The procession and music on the streets which preceded the affair were quite imposing. Probably our boys thought it would be discourteous to invite the Hopkinsville fellows here, and then beat their guests, so, with a Machiavellian policy, they let them take the score.

Obituary.

Little Johnnie, infant son of Wyatt and Lucy Rawlings, died July 5th, 1887, at the age of one year and eleven months. Johnnie was a beautiful little boy, with a bright and sprightly mind, physically and mentally precocious, the pride not only of his doting parents but all who chanced to look into his sweet, lustrous blue eyes. His affliction was brief and painful, but borne with the patience of the sacrificial lamb. His span of life was short, but made sweet and delectable by the many charms that adorned his infancy, and his cheerful prattle. He has passed the portals of death without being striped by the scorpion lash of sin to dwell in immaculate purity with the Lamb of God forever. No lingering hours of sorrow will ever be his, nor sighs that rend his parents' hearts. He is freed from the bustling cares of a sinful world, and his pure and sinless soul flutters on wings of love and joy around the throne of God. We tender our sincere sympathy to his bereaved parents, and point them to the resurrection of our blessed Savior for comfort and consolation, and the hope of a blissful reunion with little Johnnie in eternal glory.

Tribute of Respect.

George H. Harris, a member of this lodge, departed this life on the 6th day of July, 1887, at one o'clock a. m. He was a true knight, ever ready to discharge his whole duty as such; was an affectionate husband and father, a good citizen, always ready to help the needy. He was, in fact, a kind-hearted man who never heard the cry of distress without a prompt and generous response. If he had possessed the fortune of a Vanderbilt or a Jay Gould, no widows or orphans within the reach of his information would have known what it was to want. The leading traits of his character were shown in his whole-souled generosity, sympathy for the weak and distressed, and devotion to his friends, for whom he could not do too much. He was since the war twice elected sheriff of Montgomery county, and twice Mayor of the city of Clarksville, and creditably filled these important offices. We believe the man does not live who can say that George H. Harris ever, intentionally, did him a wrong. That he had faults we know, but we believe his faults never emanated from a wrong motive, for his heart was as tender as his nerves were strong. Therefore,

Resolved, That we mourn the death of our departed brother.

Resolved, That we tender to his bereaved family our sincere sympathy in this great and irreparable loss.

Resolved, That the jewels of the lodge be draped in mourning and that we will wear the usual badge of mourning for twenty days.

A Mysterious Suicide.

Dr. John H. Cullen, a prominent physician of Avoyelles parish, La., committed suicide in New Orleans on Wednesday night the 6th inst., by cutting his throat with a pen knife, and dying while the guests were assembling to witness his marriage to a young lady of that city.

ONE Ella Radcliffe, a colored demi-monde of Seufftown, was cut by a colored man named Bob. McMurry on Monday night, with a knife, in a quarrel occasioned by jealousy. They both left on the train before they were arrested.

A CRAZY man, armed with a knife, put a good scare on Gov. Taylor a few days ago. Probably the fellow had been reading some of our democratic exchanges of the Simon pure persuasion and was ambitious of figuring in the role of Guiteau.

WHETHER from swampy land or stagnant pool, or from the deadly gases of city sewers, malarial poisons are the same. Ayer's Ague Cure, taken according to directions, is a warranted specific for malarial disorders.

A TERRIBLE accident happened to a couple of ladies living at Dalton, Tenn., the other day. They were crossing on a long trestle, and were overtaken by a train. One was run over and killed outright, and the other perhaps mortally wounded, having been knocked from the trestle by the train.

R. H. PICKERING, the trustee of Montgomery county, was in the city yesterday and squared with the State Comptroller the tax account for 1886. Mr. Pickering is the first trustee to settle for 1886, but the law limits the time to Sept. 1. Out of \$14,861.49, leaving cost of collection, errors, delinquents, etc., only 43 per cent. As this is the only county heard from, and may be taken as a fair average, it bears out Mr. Allen's statement published in yesterday's issue that under the new law the tax collections would cost not exceeding 6 to 8 per cent. The collections reported from Montgomery are the closest ever made in that county.—Nashville American.

This is indirectly quite a high compliment to a very faithful public servant. Without intending any disparagement to the other honorable and trustworthy gentlemen who inspired to the position which he now so well fills, the people of Montgomery count knew exactly what they were doing when they made Henry Pickering trustee.

WEST POINT LETTER.

Judge George H. Nixon—Railroad Matter—Moonshine, etc.

To the CHRONICLE:

Lawrence county is now mourning the loss of one of the most prominent citizens she ever had—in fact, he was generally conceded to be the most prominent, and the greatest of all within her borders. His man was ex-Chancellor George H. Nixon, who died on July 4th, 1887, aged sixty-five years. He had been in many of the highest positions within the gift of his county constituents, and had even been known in the executive department of the National Capital. Judge Nixon was born in Murray county, Tenn., in 1822, and the earliest years of his life were passed in poverty and ignorance. But like many great men before him, he rose superior to his position and climbed the ladders of education, fame and fortune. He was eminently a self-made man. In 1847, when the call was made for volunteers for the Mexican war, Mr. Nixon was one of the first to respond to the call, and went to the scene of action as lieutenant of a company of young volunteers raised in Lawrence county. He soon won high honors for his daring bravery in that struggle. I heard an old man, who was in Nixon's company, say that he was the first man who went into the Mexican fort at Monterey, and that the success gained by the United States troops was, in a large measure, due to the leadership of the young lieutenant. On the public square at Lawrenceburg stands a monument erected through the instrumentality of Mr. Nixon, dedicated to the memory of Captain Allen and about twenty-five members of the gallant Lawrence county boys who never returned from the bloody fields of Mexico. Judge Nixon was the first man in Lawrence county who advocated getting out of the backwoods and coming to the front by building the Nashville & Florence railroad. And not only did he advocate it orally, but when the work was stopped at Sandy Hook he graded a mile of road to get it away from Murray county, and made the company a present of his work. From 1879 to 1885 he was president of the road, and finally refused reelection. Under Buchanan's administration he was appointed land agent of Nebraska, and filled that office until the breaking out of the civil war, when he "chose rather to suffer with his people" than to draw a large salary away from the smell of powder. He raised a regiment here, and as its colonel did valiant service for the "Gunny South." He was possessed of fine property, and had the reputation of using it with great discretion and generosity.

Farmers are looking happy over their bright prospects. A fine oat and wheat crop has been cut, and corn is just trying to see if it can't break itself out from growing. The earliest planting is nearly made, and a good season for two weeks will insure the best crop known for years. Cotton looks fine, and the frequent rains keep the pastures verdant.

Work on the West Point branch of the N. & F. railroad is progressing "easy by jerks." Labor is scarce and hard to keep. Negroes in the country here are few and don't like to work much, and the Italian is not very reliable. About twenty of the latter race, after having their fare paid from New York, and getting board two days, "skipped by the light of the moon" last week, but were captured before they got to Columbia, brought back, and they now promise to work.

It is expected that West Point will be a railroad city by December 1st, and then to get a boom will occupy the minds of the landed citizens. The town has commenced already to improve, a neat business house having been put up lately by Messrs. Polke, Horin & Co., and is filled with everything from shoe-pays up to headgear—with all the necessities and luxuries needed between those points.

Last Saturday the darkies for miles around congregated on the waters of Chisholm creek for the purpose of demolishing barbecue and chicken pie, and executing the double shuffle and "cutting the pigeon-toe." As is usually the case some "boozes" got mixed up with the crowd, and made the gallant bucks "wing" with much enthusiasm. Suspecting that some "wild-cat medicine" was not far off, Sheriff Kelley commenced to nose around and to spot some suspicious characters. After a little while he heard a man say that he had nabbed some of the juice bought of some parties "up in the woods." Mr. Kelley then deputized three men, of which trio I formed the least conspicuous personage, and we started after the saloon. It didn't take long to walk into the bar-room, which I may add was like unto "God's first temple," and consisting of two big brown jugs and a bottle. There was a "tender" for each of the vessels, and by dint of a little persuasion we got them to accompany us to see the local dispenser of justice, Squire Price. And then, after all the trouble, the whole thing was a signal failure. The man who could testify as to buying the liquor had vanished, leaving his mule behind him and taking to the bushes. He couldn't be found and the "jugglers" went their way rejoicing, the evidence not being sufficient to bind them over. One thing struck me forcibly—every negro witness had been drinking and in every case somebody had given them the whisky.

Miss Gazette Gibbs, of Chisholm, was visiting in Columbia and Lawrenceburg, last week.

Miss Willie Gilbert, of Lawrenceburg, commenced her school Monday at the True school-house.

Pleasure in Perspected.

We are gratified to announce that the ladies of Clarksville, who are proverbial for their good taste and sound judgment in such matters, intend giving one of their delightful entertainments in the near future. It will be in the shape of a lawn party to be given at the residence of Mr. B. W. Macrae on the 19th inst., by ladies of the Methodist church. Quite an interesting variety of amusements will be furnished for both old and young. We hope all of our good citizens, with their wives and children, will turn out, as the ladies are engaged in a noble cause, and intend making an extra effort to please. The party will have the additional advantage and inducement of a trip to the lake, with refreshment added at a moderate cost. Transportation will be furnished from the public square out both Madison and Franklin streets at 10 cents the round trip.

Dropped Dead While Dancing.

At a dancing party given by the colored people near the old Dunlap tobacco warehouse, now occupied by Mr. Harvey, under the hill on the river, on Monday night, a colored woman named Violet Rice, who was hired as a cook for Mr. Tutt, fell dead while dancing a set. A Coroner's jury was summoned, and returned a verdict that her death was caused from her overheating herself.

The Excellent Qualities.

Of the delightful liquid fruit remedies, Syrup of figs, commend it to all who suffer from Habitual Constipation and kindred ills. Being in liquid form and pleasing to the taste, harmless in its nature, strengthening as well as cleansing in its properties, it is easily taken by old and young, and truly beneficial in its effects, and therefore the favorite family remedy, especially with the ladies and children, who require a gentle yet effective laxative.
